Corruption.

The recent frauds which have come to light in the New York Custom House, says the Petersburg Index, are but in keeping with the late disclosures about the workings of "the Gold Ring."—Corruption seems to be rife in all departments of the government.—True, we are no worse off than other nations in this respect, but that is scarcely nothing to the unfortunate tax-payer. The historians tell us that even those fire-some Greeks "seldom had sufficient principle to resist a bribe," but this point of resemblance between the republics of antiquity and the great Republic of to-day is singularly enough passed over by the comparative ethnographers who preach unto us Grimm's Law.

Nor will the promised advent of "the Celestials" help us much in this respect, if we may trust the accounts given us by travellers.—"Incapacity among Chinese officials," says a writer in Blackwood's Magazine, "is very prevalent, but bad as this is, their corruption and corruptibility is a still more formidable evil. Their main science of government seems to be—to give bribes to all above them and to receive bribes from all below them. In truth the government offices from Peking to Thibet are one vast hive of peculators." Shall we read instead of Peking and Thibet from New York to New Orleans? Shall we see some noble mandarin installed as chief of the Custom House at San Francisco? As Nuncomar, of whom Macaulay tells us, "was to the other Bengalees, what the Bengalee is to the other Hindoos," so would such a Celestial be to Blatchford what Blatchford is to the other Custom House officials. Mind, we do not say that he could not and would not be eclipsed by native talent. Far be it from our patriotic breasts to hazard any such narrow-minded assertion. Shall native talent though be subjected to such risk?

We can only pray with the great Roman:

—The honor'd gods
Keep Rome in safety, and the chairs of justice
Supplied with worthy men.

The New York *Times*, in pitching into Mr Jefferson Davis and talking about him as "the paricide of the country" who sent "more than 1,200,000 strong men to bloody graves," and all that sort of thing, is guilty of an anachronism. It is only the other day that Henry Ward Beecher declared, in effect, that the late war with the South was not fought on any moral principle, and that its issue was due simply to the overpowering brute force of the North; while Chief Justice Chase has recently rebuked the cant of those who talk about "repentant rebels" by demanding to be informed of "what have the rebel done that they should repent?" and indignantly asking if "they were not equally conscientious in their support of the Southern cause as we of the North were in our advocacy of the cause of the Union?" The *Times* should remember that this is the year 1869, and not 1865, and that what was a good enough Morgan five years ago is lamentably out of date now. As to its remarks that the treatment of the Southern leaders by the North "has been pure grace, perfect moderation, supreme magnanimity we can only suppose that it was "writsarcastic."—*World*.

The Legislature of North Carolina.

SENATE.

THURSDAY, Nov. 25th

The Senate was called to order at 10 o'clock.

REPORT OF COMMITTEES.

Mr. Graham, from the Committee on the Judiciary reported the following bills, viz:

Bill to repeal section 11 of an act to lay off the Homestead and personal property exemptions, ratified on the 7th of April, 1869, recommends its passage.

Bill to amend an act to regulate proceedings in the partition and sale of real and personal property, recommends its passage.

Bill to repeal an act in relation to the Superior Court Judges.

Bill to authorize township trustees to take the privy examination of married women.

Mr. Lassiter, from the Committee on the Judiciary, reported adversely on the following bills, viz:

A bill in relation to the payment of officers fees, and

A bill to be entitled an act to repeal certain acts, passed at the session of 1868 and '69, making appropriations to Railroad Companies. (The latter introduced by Mr. Graham,) as follows:

The General Assembly of North Carolina do enact.

Sec. 1. That all acts passed at the last session of this Legislature making appropriations to Railroad Companies, be and the same are hereby repealed.

Sec. 2. That all bonds of the State, which have been issued under the said acts, now in the hands of any President or other officer of the corporations be immediately returned to the Treasurer.

Sec. 3. That this Legislature will not recognize as valid the sale of any of the Bonds issued as aforesaid, after this date.

Sec. 4. That innocent purchasers of bonds issued under authority of said acts, shall be entitled to the actual cash value paid for the same, upon proving their claims against the State before the Supreme Court, as required by Section 11, Article IV of the Constitution, and upon the surrender of said bonds.

Sec. 5. That all monies raised as special taxes, under the act mentioned in section 1, be and the same are hereby appropriated for the payment of said claims when allowed by the Supreme Court.

Sec. 6. That this act shall be in force from and after its ratification.

UNFINISHED BUSINESS.

Bill introduced by Mr. Lassiter from the Code Commission to investigate the affairs of the several Railroad Companies, was taken up and amended, by directing the Superintendent of Public Works to make said investigation, and passed its second reading.

On motion of Mr. Davis, its further consideration was postponed at present, the bill as amended was ordered to be printed and made the special order for to-morrow at 12 o'clock.

On motion of Mr. Brogden the rules were suspended and the bill to protect the sheriffs of certain counties, was taken up. This bill suspends the collection of tax on the Wilmington & Weldon Railroad, until the constitutionality of said tax is ascertained.

Mr. Jones, of Wake, moved to amend so as to extend the same privileges to the sheriffs of Halifax, Warren, Franklin and Wake counties, so far as taxes due by the R. & Gaston R. R. Company are concerned, which was lost, and the bill was rejected.

CALENDAR.

Resolution requesting the Representatives of this State in Congress to use their influence to secure the Loan of $1,000,000, to be appropriated in the purchase of lands, to be divided into farms of 20 acres each, for those who are unable to furnish homes for themselves.

A. H. Galloway, (col.) moved to amend by inserting after "20 acres of land," "and a mule," which was lost.

Mr. Lassiter, moved to amend by inserting after "$1,000,000," "or its equivalent in Public lands" which prevailed, and the resolution was adopted.

Resolution proposing to raise a Joint Committee to take into consideration the burthens of taxation, and to report some measure for the relief of the people. Adopted.

SPECIAL ORDER.

Report of the Special Committee to revise the Senate rules of order was taken up, amended and adopted.

On motion of Mr. Sweet 100 copies was ordered to be printed for the use of the Senate.

On motion the Senate adjourned until to-morrow at 10 o'clock.

HOUSE OF REPRESENTATIVES.

THURSDAY, Nov. 25th.

House met pursuant to adjournment.

REPORT OF COMMITTEES.

J. H. Harris, of Wake, for Committee on Propositions and Grievances, reported favorably on bill to repeal tax on tobacco.

Mr. Dixon for Committee on Salaries and Fees, favorably, with amendment, on bill compensating school Committee men—gives them $1, instead of $2, a day, while on duty, referred to Committee on Education.

UNFINISHED BUSINESS,

was then taken up. The resolution for the investigation of alleged frauds in the management of certain railroads, bonds introduced by Mr. Welch.

The question was on the substitute of Mr. Ellis, which had been accepted by Mr. Welch.

Harris of Wake, offered as a substitute of the whole, the bill introduced into Senate yesterday by Mr. Lassiter, on the same subject.

Mr. Durham said he was in favor of Mr. Ellis' substitute, because it named a committee, a majority of whom could not be bought. If the same course was pursued as in the last investigating committee, it would simply amount to a whitewashing affair, and he would move to lay the whole matter on the table. The people believe that corruption in its vilest form exists in the management of the bond, and demands that this Legislature shall appoint a committee of irreproachable character to investigate the matter thoroughly. He favored the substitute of Mr. Ellis, because it looked toward an honest investigation, the other did not. He was opposed to which these whitewashing committees, &c.

Mr. Durham said he was satisfied a fair investigation was not going to be allowed; the proposition of Mr. Ellis was making members wince. It was to be presumed that the Governor would be satisfied with the men elected by Directors of his own appointment; therefore he was not the man to appoint the committee. He thought there were members on the floor who would move heaven and earth to prevent the investigation of these alleged frauds. If Mr. Ellis's proposition be defeated any committee that may be raised would simply amount to another white-washing affair.

Mr. Pou next took the floor and while arguing against the substitute, a message was received from the Senate informing the House of the passage of a bill to further protect the interest of the State in certain Railroads and to require accountability on the part of their officers.

Mr. Pou resumed his remarks and favored the idea of an examination by the House in the Committee of the whole

Mr. Malone said:

I call attention to this substitute—the first section creates a commission—yes, a commission—an office, this is in keeping with the past conduct of this Legislature, that is create offices, Another section gives them instructions to report by August 1870. Will this meet the anxious demand of a distressed people, calling for investigation into the conduct of our agents? Those who in good faith ask for an investigation, wish it done now—we want no delay—we want to know before we close this session. Another section gives the committee a clerk at five dollars per day.

There are other objections to this substitute, and I do not think that five men can be found in this House to vote for the creation of a magnificent office—with perpetual existence—equal at least to the Commission. Mr. Speaker, we want no more offices—but we want more good faith in the conduct of those entrusted with the destiny of North Carolina.

After some further debate, Isham Sweat (col.) arose and said, that $1,500,000 had been appointed to a Road in his section which he believed would never be built.

He was opposed to Harris' substitute and somewhat opposed to Mr. Ellis', because he thought that when matters pertaining to the State's interest involving millions of dollars, was being examined that the entire representation should have a hand in it.

He had at first favored Mr. Ellis' proposition, but now thought the idea of Mr. Pou a better one.

He agreed with Mr. Durham that a fair investigation could not be had by a committee appointed under the old mode.

Mr. Ladin moved to postpone and make the matter special for Tuesday next.

Mr. Welch said he had offered his resolution in the best spirt and not influenced by any partisan motive and the cry of Party! Party!! was a most flimsey pretext to defeat investigation. Republicans were making the matter a party measure, for they would have a majority in both branches of the proposed committee. They had a majority in both branches of this Legislature and they were responsible for these appropriations.

The Governor was charged with complicity with the "Ring," he (Mr. Welch) did not believe the charge yet it was openly charged, and therefore he (the Governor) could not with delicacy appoint the committee.

Mr. Welch then proceeded to give a sketch of the matters pertaining to the construction of the Western Division of the Western N. C. R. R. Notwithstanding the millions appropriated, money could not be had to pay the laborers and that unless money was forthcoming, work must stop.

Mr. Vest move to adjourn. Lost. The question recurred upon Mr. Laflin's motion to postpone until Tuesday.

The yeas and nays being called the motion was rejected by a vote of yeas 1, nays 90.

Mr. Sinclair favored the substitute and opposed Mr. Ellis' measure.

After some furthur debate Mr. Pou moved to lay the whole matter on the table in order that he might have an opportunity of introducing a resolution to make the investigation, in committee of the whole. The motion was rejected by a vote of yeas 21, nays 66. (Here innumerable points of order were discussed, and a host of motions to adjourn made and rejected.)

Mr. Welch called the previous question. The call was sustained and the question recurred upon the substitute offerd by Harris of Wake (colored.) The yeas and nays being called resulted in the following ballot: Yeas 44 nays 54.

The question recurred to the adoption of Mr. Ellis' propositon. The yeas and nays being called resulted in the following vote: Yeas 41 nays 55.

Mr. Pou offered a resolution, that the House, on and after Tuesday next at 2 o'clock, will resolve itself into the Committee of the whole, each day, to examine these alleged frauds.

Pending the consideration of the resolution the House adjourned.

THE SOUTHERN RAILROAD TO THE PACIFIC.—The scheme for a great transcontinental railway from Norfolk, on the Atilantic, to San Diego, on the Pacific, is one which certain southern interests are earnestly devoted to, and quietly using vigorous efforts to execute. The roads already built through Virginia, Bristol, Knoxville, Nashville, and Memphis, to Little Rock, will be parts of the line. From Little Rock the extension (called the Memphis and El Paso road) will run in a southwestern direction to Texarcana, thence to Dallas, on the Trinity river, thence by El Paso and Fort Yuma to San Diego One section of this line—from Jefferson to Paris, in Texas, 150 miles in length—is now in process of construction, and a part of it will be open for business next spring. Three cargoes of iron *en route* from Antwerp for this section are expected at New Orleans. At the western end surveys are being made from San Diego and Fort Yuma this way. Congress will be asked at its next session for a grant of lands to aid the enterprise.

Knoxville Herald.

A man is first judged by his dress; afterwards, be what he turns out to be. There is a story of the celebrated printer and poet Buchin, who, walking out one day in very shabby clothes, became more an object of derision than regard. He was mortified, and went home, and arraying himself in his very best, again walked out to receive on every hand obsequious attention. His mortification turned to anger, and going home he threw his gold-lace coat on the floor, and stamping on in, exclaimed "Art thou Buchin or am I?"

A Washington despatch reports that Hon. Amos Kendall left $25,000 to each of his grand-children, with the exception of one to whom he gave but $10,000, because he was in the Confederate army.

Davis' "Pain Killer."

Stephen Miles, Davenport, England—Gents—I have great pleasure in recommending the Pain Killer. For more than three months I suffered severely with a sore throat, for which I consulted the best physicians, but derived no benefit until, by a friend's advice, I tried your Pain Killer as a gargle. In a short time it completely cured me. While in India I frequently gave your medicine to the natives when no doctor could be had, in cases of severe headache, rheumatic pains, cramps in the stomach, and cholera, AND IT ALWAYS CURED THEM. I consider it a most valuable medicine.

Yours, &c. STEPHEN MILES.

GENTS.—I have used *Perry Davis & Son's "Pain Killer"* in my family for nearly a year past with great success. I deem it a valuable medicine; it gives almost immediate relief. I like to have a supply always on hand, and would cheerfully recommend it to all my friends.

We Live in three Climates.

In this country we have at different seasons of the year, the temperature of three climates. Our Springs and Autumns have a softness and mildness that belong only to the Temperate Zones, our Mid-summers are torrid, and our Mid-winters almost arctic in their rigidity. These changes involving a variation of from ninety to one hundred degrees of Fahrenheit during the year, are upon the whole conducive to health and long life, but they tend to entail upon us some distressing complaints which can only be escaped by the exercise of due care and the use of a proper antidote when the system is pre-disposed to contract them.

The chief and most annoying of these disorders is dyspepsia, once supposed to be incurable, but which, since the introduction of HOSTETTER'S STOMACH BITTERS now about twenty years ago, has proved to be a perfectly manageable disease.

In the Spring and Fall, but more especially in the Fall, the symptoms of dyspepsia are generally aggravated. The profuse expenditure of the animal fluids under the burning sun of Summer, is apt to leave the stomach weak and indolent and incompetent to the task of perfect digestion. It requires a tonic which will rouse it from its lethargy and brace and invigorate without irritating or inflaming it. This tonic has been provided in the wonderful vegetable preparation which has replaced in a great measure, all the old palliatives formerly prescribed by physicians, under the false idea that the disorder could not be radically cured. The success of HOSTETTER'S BITTERS in all the varieties of dyspepsia acute or chronic, has effectually exploded this fallacy, and it is now recommended as a specific for indigestion by some of the most eminent members of the medical profession.

CHARLOTTE.

R. H. ALDRICH, Local Editor.

Saturday, November 27, 1869.

The case of the State vs. Charles Rea, (col'd) charged with assault with intent to commit a rape, was tried last Thursday and found guilty but recommended to the mercy of the Court.

The Rev. E. J. Meynardie will address the young men of the city to-morrow evening, for the last time before his departure from Charlotte.

Subject of the discourse: "The immortality of the soul—an incentive to purity."

ANNUAL REPORT OF THE COMMISSIONER OF THE FREEDMEN'S BUREAU.—Gen. Howard, the Commissioner of the Freedmen's Bureau, has issued his annual report. It is largely occupied with a retrospective view of the operations of the bureau, which expired by the law of Congress passed in December last, so far as relates to aid to rufugees The educational work and bounty claims business, however, were continued by the same law. Gen. Howard says the payment of bounties must be continued through the bureau or some other agency, until all shall have had a reasonable time to present their claims. Of the continuation of the education work, he says:

"The educational work should not only be continued, but greatly extended. If the State Governments are not prepared nor willing to provide for the education of all classes, as I hope they will soon do, I recommend that the General Government take the matter in hand. The safety of the republic is the supreme law. There can be no safety nor permanent peace when ignorance reigns. The law of selfpreservation will justify the National Legislature in establishing, through the bureau of education, or some other agency, a general system of free schools, and furnishing to all children of a suitable age, such instruction in the rudiments of learning, as may be necessary to fit them to discharge intelligently the duties of free American citizens."

GEN. DOCKERY AT THE CAPITOL.—The address of Gen. Dockery at the Capitol last night was listened to by a very large audience. The old "war horse" spoke in his usual bold and independent style, and showed that he was not seriously frightened at the recent threats of the *Standard*, but was disposed to perform his duty in the position he occupies as a member of the Penitentiary Board, in a fearless and an honest manner. He claimed to be a Republican, and told his party friends some wholesome truths, and some which, perhaps, they did not relish very well.

He stated that $23,000 of the $50,000 appropriation for the Penitentiary, had already been used, and a further amount drawn on to purchase supplies. He invited investigation into the manner in which the Board had performed their duties, and insisted that further appropriations must be made, or the work would soon have to stop.—*Sentinel.*

PRINTER'S DEVILS.—Miss Piney W. Forsythe, who is a practical printer herself, has the following happy and appropriate notice of so-called printer's devils:

"A great many persons are in the habit of looking upon and speaking of printer's devils in a manner that reflects no credit to themselves. Those same printers in nine cases out of ten, are three times as well posted on the issues of the day as the person who speaks lightly of them. There is no class of boys for whom we have a more profound respect than well-behaved printer's devils. They know something and are practical, which is more than you can say of all classes of boys. In that respect we place the boys who work in a printing office head and shoulders above most other boys. Young women, before you again elevate that delicate nose at the printer's devil, get some one who know something of history to tell you the men of some characters that were once printer's devils.

Capt. Wm. A. Forrest, brother of Gen. Forrest, shot and killed Col. John S. Smith at Marion, Alabama, a few days ago. Smith was advancing on him with a knife Forrest has not been arrested.

"Lenny, yon're a pig," said a father to his little five year old boy "Now, do you know what a pig is, Lenny?" "Yes, sir," a pig's hog's little boy."

FORTY THOUSAND CASES OF GOODS were shipped from our house in One Year, to families, clubs and merchants, in every part of the country, from Maine to California, amounting in value to over

ONE MILLION DOLLARS.

Our facilities for transacting this immense business are better than ever before. We have agents in all the principal cities to purchase goods from the manufacturers, importers, and others for **Cash**, and often at an immense sacrifice from the original cost of production.

Our stock consists, in part, of the following goods:—

Shawls, Blankets, Quilts, Cottons, Ginghams, Dress Goods, Table Linen, Towels, Hosiery, Gloves, Skirts, Corsets, &c., &c.

Silver-Plated Ware, Spoons plated on Nickle Silver, Desert Forks, five bottle plated Castors, Britannia Ware, Glass Ware, Table and Pocket Cutlery in great variety.

Elegant French and German Fancy Goods. Beautiful Photograph Albums the newest and choicest styles in Morocco and Velvet Bindings.

Morocco Travelling Bags, Handkerchief and Glove Boxes, &c. Gold and Plated Jewelry, of the newest styles.

We have also made arrangements with some of the leading Publishing Houses, that will enable us to sell the standard and latest works of popular authors at about one half the regular price:—such as BYRON, MOORE, BURNS, MILTON, and TENNYSON'S WORKS, in full Gilt and Cloth Bindings,—and hundreds of others.

These and everything else for

ONE DOLLAR FOR EACH ARTICLE.

We do not offer a single article of merchandise, that can be sold by regular dealers at our price. We do not ask you to buy goods from us unless we can sell them cheaper than you can obtain them in any other way,—while the greater part of our goods are sold at about

One-half the Regular Rates.

We want good reliable agents in every part of the Country. By employing your spare time to form Clubs and sending us orders, you can obtain the most liberal commissions, either in **Cash** or **Merchandise**, and all goods sent by us will be as represented, and we guarantee satisfaction to every one dealing with our house.

Agents should collect ten cents from each customer and forward to us in advance, for Descriptive Checks of the goods we sell.

The holders of the Checks have the privilege of either purchasing the article thereon described, or of exchanging for any article mentioned on our catalogue, numbering over 350 different articles—not one of which can be purchased in the usual way for the same money.

The advantages of first sending for Checks are these: We are constantly buying small lots of very valuable goods, which are not on our catalogues, and for which we issue checks till all are sold; besides, in every large club we will put checks for WATCHES, QUILTS, BLANKETS, DRESS PATTERNS, or some other article of value, *giving some members of the club an opportunity of purchasing an article for about one quarter of its value.*

In every order amounting to over $50, accompanied by the cash, the Agent may retain $2 00, and in every order of over $100, $3.00 may be retained to

PAY THE EXPRESS CHARGES.

This offer is more especially to assist Agents in the Western and Southern States, but is open to all customers.

COMMISSIONS

THE BALTIMORE

PARLOR HEATERS,

COOKING STOVES,

COOKING RANGES,

HOT-AIR FURNACES, &c.

S. B. SEXTON'S CELEBRATED

PATENT BALTIMORE PARLOR HEATERS

AND GAS BURNERS,

for Anthracite or Bituminous coal, have been in successful operation for the last ten years, and have proved to be the best Fire-place Heaters manufactured and put in operation. They are getting to be generally used, often in the place of furnaces, for heating the lower and upper rooms in dwellings and offices. Two or three stoves heating the largest dwellings, and besides, are quite ORNAMENTAL and ILLUMINATING, having all the beauty and cheerfulness of an open grate fire, but are more ECONOMICAL, CLEANER, and RADIATING A LARGER AMOUNT OF HEAT. We can refer to thousands of families who have them in use.

We manufacture our own COOKING STOVES, and we guarantee them to be equal to any sold for baking and cooking. We have stoves to take in long wood and with *large ovens*, and are *superior* Stoves for baking. We are getting out some new patterns of Cooking Stoves, that will burn *Bituminous coal, hard coal, or wood.* They will have a beautiful finish, and will stand among the No. 1 Cook stoves. Our Cooking Stoves are Baltimore made, and we guarantee the plates. Our Cooking Ranges are pronounced the best and cheapest in the market.—Baking of all kinds can be done in our Ranges as quickly and equally as well as in a Brick oven. We will manufacture S. B. SEXTON'S new patent Hot-Air Furnaces, warranted to burn from 30 to 70 hours with once filling.

Thankful to our friends and the public for their past favors, we solicit a continuance of their patronage.
